

Oracle Acquisitions

Oracle and FarApp

On April 6, 2021, Oracle announced that it has entered into an agreement to acquire FarApp. FarApp is a leading provider of eCommerce, logistics, retail and hospitality connectors for Oracle NetSuite. The acquisition is expected to enable a more seamless and unified experience for NetSuite customers.

Support, services, and sales information

FarApp customers and partners: Please use your existing contacts for support, professional services, and sales.

Cautionary statement regarding forward-looking statements

Oracle is currently reviewing the existing FarApp product roadmap and will be providing guidance to customers in accordance with Oracle's standard product communication policies. Any resulting features and timing of release of such features as determined by Oracle's review of FarApp product roadmap are at the sole discretion of Oracle. All product roadmap information, whether communicated by FarApp or by Oracle, does not represent a commitment to deliver any material, code, or functionality, and should not be relied upon in making purchasing decisions. It is intended for information purposes only and may not be incorporated into any contract.

This document contains certain forward-looking statements about Oracle and FarApp, including statements that involve risks and uncertainties concerning Oracle's proposed acquisition of FarApp, anticipated customer benefits and general business outlook. When used in this document, the words "anticipates", "can", "will", "look forward to", "expected" and similar expressions and any other statements that are not historical facts are intended to identify those assertions as forward-looking statements. Any such statement may be influenced by a variety of factors, many of which are beyond the control of Oracle or FarApp, that could cause actual outcomes and results to be materially different from those projected, described, expressed or implied in this document due to a number of risks and uncertainties. Potential risks and uncertainties include, among others, the possibility that the transaction will not close or that the closing may be delayed, the anticipated synergies of the combined companies may not be achieved after closing, the combined operations may not be successfully integrated in a timely manner, if at all, general economic conditions in regions in which either company does business may deteriorate and/or Oracle or FarApp may be adversely affected by other economic, business, and/or competitive factors. Accordingly, no assurances can be given that any of the events anticipated by the forward-looking statements will transpire or occur, or if any of them do so, what impact they will have on the results of operations or financial condition of Oracle or FarApp. You are cautioned to not place undue reliance on forward-looking statements, which speak only as of the date of this document. Neither Oracle nor FarApp is under any duty to update any of the information in this document.
